Acne/Laser Treatment
Peeling/Burn Treatment
Waxing /Lifting /Whitening

Adding Materials
suitable for
the user

Aftercare Function
Maximizing the effectiveness of
treatment

How to Use Flore

STEP 01

Add hot water
to the watermark

STEP 02

Add functional ingredients
to the 'essence' mark

*(Ampoule, Serum, Toner etc.)

STEP 03

Put a 1 pouch of Flore gel and
turn on the mixing button and
mix for 1~3 seconds

STEP 04

Pour the hydro gel evenly,
use the spatula to arrange
the surface and solidify it
for 3 to 5 minutes.

STEP 05

Use the spatula to separate
the edge of the mask pack
and put it on the face.

STEP 06

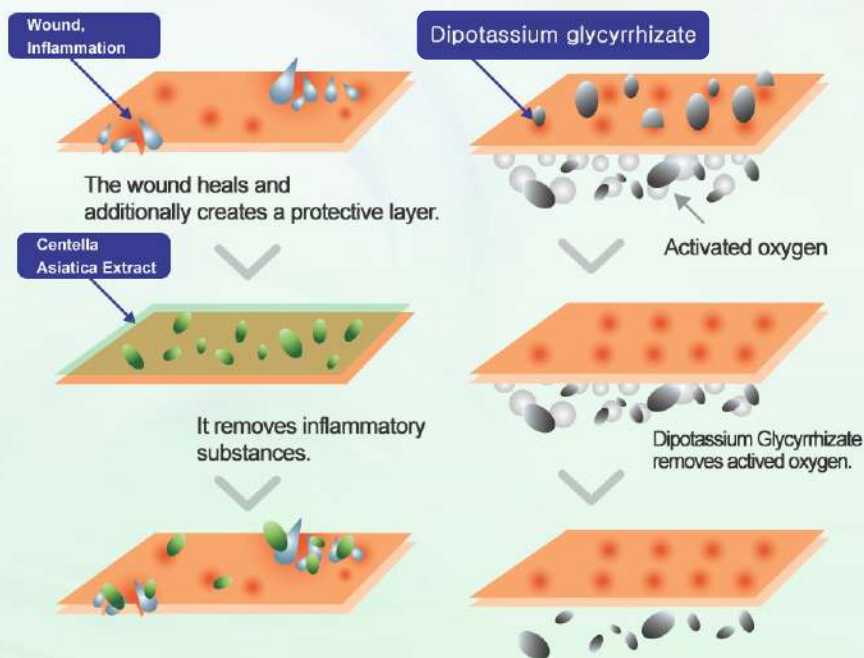

After use, tap the remaining
ingredients to absorb them
into the skin.
